# 5 STRIVE FOR 5

Consistent attendance is one of the most important factors in determining if a student will do well in school, graduate and be prepared for success in future grades, their careers and postsecondary education. For schools in St. Vrain, the goal is simple: **have your child attend everyday** – or as you manage your family’s needs, strive to miss less than 5 days of school per year.

## Track your child’s attendance.

					Absences 6 - 9 Your student may be at risk of falling behind.			10 or more Absences Your child may need additional academic support.	
Please contact your school for resources and support.

ATTEND. ASPIRE. ACHIEVE.

**Building high attendance habits is a life skill** that will impact a student's success as a future employee, leader and citizen.

The early grades matter. Only 41 percent of **students who are chronically absent in kindergarten or first grade** can read at grade level after third grade.

Building high attendance habits is a **life skill that will impact a student's success** as a future employee, leader and citizen.

**Attendance is one of the largest predictors of whether a student will graduate.** Each week of absence per semester in ninth grade lowers a student's likelihood of graduation by 25 percent.

By college, a chronically absent high school graduate has **only an 11 percent chance of receiving any degree**, impacting career choices, lifetime earnings, success, well-being and their future.

Use the enclosed chart to establish routines and track your child's attendance. Strive for 5 to ensure your student is best prepared for success, now and in the future.
